No. The Member Hub is web-based. Visit our website and log in through your browser. It works on desktop computers, laptops, tablets, and mobile phones.

What account number do I use to log in?

Your GMB Credit Union account number can be found on any letter or email we have sent you. If you cannot find it, tap 'I can't remember my account number' on the login screen.

What is a Nominated Account?

Your nominated account is the bank account that savings withdrawals are paid into. You can view it on the Details tab. To change it, tap 'Get in touch' on the Details tab to contact us.

How long does a withdrawal take?

Withdrawals are typically processed within 5 minutes and paid to your nominated bank account. You cannot request a second withdrawal until the first has been processed.

How do I change my Direct Debit amount?

Go to the Payments tab. Tap the pencil icon next to your savings line, enter the new amount, then tap Save Changes.

Can I still use Nivo?

Yes. Nivo continues to work exactly as before. The Member Hub is a new addition, not a replacement. The Contact tab in the Hub connects directly to Nivo.

I'm struggling to keep up with my loan repayments. What should I do?

Please get in touch as soon as possible — the earlier you contact us, the more options we have available to help. You can message us via Nivo, call 0161 486 1777, or email info@gmbcreditunion.com. We are here to help, not to judge.

Who do I contact if I need help with the Member Hub?

Contact us via Nivo chat in the Contact tab, by calling 0161 486 1777 (Mon–Fri, 10:00–14:00), or by emailing info@gmbcreditunion.com.
